

Motorized FlexStyle® AC

MOTORIZED SHADE WITH SIMPLE 4-WIRE LINE VOLTAGE MOTOR

Choose from nine designer finishes or ready-to-paint primer grey.

■ The **Motorized FlexStyle AC** adds a touch of luxury to any room. A 4-wire line voltage motor with simple push-button limits and external control adds to the ease of installation. The ability to control just a few window shades, a floor, or an entire building makes the Motorized FlexStyle AC ideal for small or large residential and commercial projects.

FEATURES

- Open roll shade available in single roller option and can be coupled to reduce number of motors required.
- AC motors use line voltage. Secure moisture resistant connection to line voltage using an M12 Connector.
- Low voltage smart group and individual controls available, with or without pre-set stops.
- ISO relay controls allow group control of up to 10 motors to a line voltage switch.
- Product integration with third-party system available.
- Product designed for interior use.

OPTIONS

- Designer cast aluminum mounting brackets conceal fasteners in 9 attractive finishes: Brushed Nickel, Brushed Gold, Antique Bronze, and Chrome come with a plated coating. Taupe, Grey, Black, White, and Warm White are painted. Or choose Primer Grey for hardware that is ready for you to paint.
- Choose from hundreds of fabrics in a variety of colors, textures, and opacities to customize any room décor.
- Shades can be customized with graphics, patterns, or custom color matches, including color matching libraries such as Sherwin-Williams® and Pantone®.

SIZES

- Accommodates a 2 3/4" (70 mm) bundle diameter and up to 8' (244 cm) width.
- Minimum shade width is 2' (60.9 cm).
