

Motorized FlexStyle® I/O AC

3-WIRE INTELLIGENT MOTOR – COMPLETE SHADE CONTROL SOLUTION

Bracket color options.

FlexStyle® Cassette is also available:
in designer finishes or fabric-wrapped.

■ No matter the size or complexity of the project, the **Motorized FlexStyle I/O AC** provides a luxury automated open roll shade with simple network automation management and multiple control options. A highly customizable modular design allows you to add components as needed without replacing existing hardware and wiring. This intelligent and user-friendly system easily adapts to both high-end residential users or small and large commercial projects.

FEATURES

- For use with a Draper® IntelliFlex® I/O control system.
- Open roll shade available in single roller option and can be coupled to reduce number of motors required.
- Scalable controls to accommodate simple, moderate, and complex projects: up to 120 devices and 4,000 feet of data bus line.
- Motors can be parallel wired (daisy-chained).
- Reverse motor direction during programming.
- Secure moisture resistant connection to line voltage using an M12 connector.
- Product designed for interior use.
- FlexStyle® Cassette is also available.

CHILD SAFETY NOTICE

This product is Certified Best for Kids™ by the Window Covering Safety Council.

OPTIONS

- Designer cast aluminum mounting brackets conceal fasteners in 9 attractive finishes: Chrome, Brushed Nickel, Brushed Gold, and Antique Bronze are plated finishes. Taupe, Grey, Black, White, and Warm White are painted. Or choose Primer Grey hardware; ready for you to paint.

FABRIC OPTIONS

www.draperathome.com/windowshades/fabricoptions.aspx
