

# MOTORIZED Gabled Bottom-Up FlexShade®

MOTORIZED SHADE FOR ARCHITECTURAL ANGLE-TOPPED WINDOWS

- Designed to fit architectural angle-topped windows, the **Gabled Bottom-Up FlexShade** provides a motorized roller shade for glare control, UV protection, and privacy.

The shade maintains visibility while managing indoor solar control and offers UV protection from sunlight generated by unprotected angle-topped windows.

## FEATURES

- The Gabled Bottom-Up FlexShade enables motorized light control customized to fit architectural angle-topped windows.
- Shade retracts from the top down.
- A flexible hem bar and tensioning spring boxes are included.
- Tracking adjustment built into the idler endcap.
- Product designed for interior use.

## OPTIONS

- Hardware finish choices: clear anodized, black, white, ivory, or charcoal bronze. Custom powder coat colors available.
- Choose from a wide range of fabrics in a variety of colors, textures, and opacities to customize any room's décor.
- Shades can be customized with graphics, patterns, or custom color matches, including color matching libraries such as Sherwin-Williams and Pantone.

## CASE DIMENSIONS
