

THE AMERICAN-MADE ADVANTAGE

Draper + Phifer: A Partnership Built to Last

From Tuscaloosa, Alabama to Spiceland, Indiana, two family-owned manufacturers are redefining what it means to **build better**.

Phifer® engineers high-performance fabrics in Alabama. Draper® transforms them into complete shading systems in Indiana.

Together, **we deliver precision, reliability, and craftsmanship—**without the delays and uncertainty of overseas supply chains.

Why It Matters

Made in the USA: Every shade supports American jobs and communities.

Built for Performance: Engineered for durability, tested for quality.

Fast, Reliable Supply Chain: No tariffs. No customs. Just a stretch of open highway.

Shared Values: Integrity, partnership, innovation, and long-term vision.

Real-World Impact

Installed in offices, schools, hospitals, and public spaces across America—**Draper shades bring comfort, control, and peace of mind.**

Choose the American-made advantage.
Crafted by Phifer. Manufactured by Draper.

Crafted for the Way You Live

Draper At Home + Phifer:

A Partnership Rooted in American Craftsmanship

In a world of mass production and global uncertainty, Draper At Home and Phifer® offer something different: **shades made with care, right here at home.**

From precision weaving in Tuscaloosa, Alabama, to hand-crafted assembly in Spiceland, Indiana, our partnership brings generations of American craftsmanship into the spaces that matter most.

Why It Matters

- **American-Made Quality:** Trusted materials. Thoughtful design.
- **Family-Owned Values:** Built by people who care—just like you.
- **Sustainable & Responsible:** Products that reflect our commitment to community and the environment.
- **Tailored for Home:** Designed for comfort, beauty, and peace of mind.

Real-World Impact

From kitchens to bedrooms, our shades enhance everyday living with light control, style, and reliability.

Bring home the American-made advantage.

Crafted by Phifer. Manufactured by Draper At Home.
